

# Co-op Academy Failsworth

At Co-op Academy Failsworth, we focus on helping every student reach their potential through an ambitious, inclusive curriculum that nurtures both academic and personal growth.

As part of Co-op Academies Trust, we are a full inclusive, popular and oversubscribed 11-16 comprehensive academy with almost 1500 students on roll. In June 2024, we were recognised as a Good school by Ofsted.

Working at Co-op Academy Failsworth means joining a team that believes in the limitless potential of its students. Here, we're not just teachers but mentors who recognise and nurture each student's unique talents and aspirations. As a member of our team, you will be an integral part of a caring and supportive learning community, where every student is seen and valued as an individual.

## Curriculum

We offer a broad and balanced curriculum designed to meet the diverse needs of our students. Core subjects such as English, Maths, and Science are emphasised to ensure academic excellence, while creative and vocational options like Art, Design Technology, and Physical Education allow students to explore their interests.

Our goal is to support students in achieving their ambitions, whether they are academic, sporting, musical, or creative. We provide a rich variety of extracurricular activities and aim to create an environment where every pupil can thrive.

## Values

Our school is built on strong cooperative values, with a focus on fairness, equality, and social responsibility. At Co-op Academy Failsworth we encourage students to embody the Ways of Being which include "Do What Matters Most," "Succeed Together," "Be Yourself Always," and "Show You Care."

Our ethos encourages students to think beyond academic success, promoting personal development, resilience and a commitment to making a positive impact on their communities. Our students regularly support our Community Fridge and uniform exchange initiatives.

A strong pastoral system is in place to support students, whether through special educational needs (SEN) support or with their emotional and social well-being. This ensures that every student feels valued and receives the guidance they need to flourish.

## Facilities

Our multi-million pound state-of-the-art building opened in 2008 and boasts excellent, modern facilities that enhance the educational experience. Advanced science labs allow for hands-on learning, while well-equipped classrooms ensure that technology is integrated into daily lessons. The school also has specialist facilities for creative and practical subjects, such as fully equipped art and design studios, a performing arts theatre, and sports amenities that include a large sports hall and outdoor pitches.

We are located 3 miles from Manchester City Centre and situated 1 mile from junction 22 of the M60 with good public transport links. The local area offers affordable housing and is in close proximity to the countryside of Saddleworth and beyond.

.....

You will have the opportunity to make a real difference in the lives of young people by working here, helping them to discover and achieve their full potential. We invite you to be part of this journey, to inspire, support, and succeed alongside our students.
