Curriculum

At Co-op Academy Parkland, we offer an ambitious and diverse curriculum designed to meet the individual needs of every child. We place a strong emphasis on developing the whole child by integrating academic learning with personal growth. Our curriculum nurtures not only intellectual development but also the essential skills of teamwork, communication, and critical thinking.

From the early years through to Year 6, we ensure that our children are equipped with the knowledge, skills, and attributes they need to succeed both in their academic journeys and beyond.

We understand that every child learns differently, and our teaching approaches are tailored to meet individual needs. Our staff are trained to identify and address the needs of our students, ensuring that everyone has access to the resources necessary for success.

Values

Our academy is grounded in Co-op's values - self-help, equity, and social responsibility - promoting a caring, inclusive environment where respect and cooperation are key. Students and staff are encouraged to embody our Ways of Being in their everyday actions. These include; "Do What Matters Most," "Succeed Together," "Be Yourself Always," and "Show You Care."

These values are at the heart of everything we do, and they guide our approach to education and our interactions with students, staff, and the wider community.

Facilities

Co-op Academy Parkland benefits from extensive grounds that support our commitment to outdoor learning and physical activity. Our facilities provide a safe and stimulating environment where children can explore, play, and develop their skills. We take pride in creating a welcoming space that reflects our values of care, respect, and inclusion.
